

Fiber Optic Cleaning Spray

STS-FCC-SCSA

Savitri Fiber Optic Cleaning Spray is your ultimate solution for ensuring the pristine condition of optical fibers and connector end faces. Designed as a plastic-safe, optical grade cleaning fluid, it has been engineered specifically for cleaning bare optical fiber prior to fusion splicing or termination. It is also highly effective in removing contaminants such as dust, fingerprints, oils, salts, and moisture from fiber optic cables. With its fast-drying and ozone-safe properties, this cleaning fluid surpasses traditional options like Isopropyl Alcohol, making it the preferred choice for professionals in the field.

Key Benefits & Applications

- **Optical Grade Cleaning Fluid:** Savitri Fiber Optic Cleaning Spray is the go-to solution for maintaining the optical grade of your fiber optic components.
- **Excellent IPA Alternative:** Replace Isopropyl Alcohol with our cleaning spray for superior results and safer operation.
- **Cleaning Fiber Optic Connector End Faces:** Ensure the cleanliness and performance of connector end faces with our effective cleaning solution.
- **Use on Ceramic and Composite Ferrule Faces:** Our cleaning spray is suitable for cleaning ceramic and composite ferrule faces, ensuring optimal connectivity.
- **Cleans Glass and Plastic Lenses:** Whether it's glass or plastic lenses, our cleaning spray is versatile enough to maintain the clarity of all your optical components.

Savitri Fiber Optic Cleaning Spray can be used in various industrial settings, where optical clarity and performance are of paramount importance.

Key Features

- **Complete Contaminant Removal:** Savitri Fiber Optic Cleaning Spray thoroughly removes dust, dirt, and fingerprints, ensuring your optical components remain in pristine condition.
- **Residue-Free:** This ultra-pure cleaning fluid leaves no residue behind, guaranteeing optimal performance without interference.
- **Impurity Resistance:** Unlike some cleaning agents, our cleaning spray does not absorb water or other impurities, making it ideal for maintaining optical clarity.
- **Hermetically sealed and Spill-Proof:** Packaged in a hermetically sealed container, our cleaning spray is spill-proof, ensuring a mess-free and convenient user experience.
- **Instant Evaporation:** Savitri Fiber Optic Cleaning Spray evaporates instantly, leaving no moisture behind, thus preventing potential damage to optical components.
- **Safe on All Surfaces:** This cleaning fluid is safe for use on a wide range of materials, including glass, metal, plastic, printed circuit boards, electronics, and cured epoxy surfaces.
- **Ozone Friendly:** We are committed to environmental responsibility. Our cleaning spray is ozone-friendly, reducing its impact on the environment.
- **Travel Safe and Non-Hazardous:** The product's non-hazardous properties make it safe for transportation and storage, ensuring it's ready for use when and where you need it.

Technical Specifications

Form	Liquid
Color	Transparent
Appearance	Crystal Clear
Container Type	Can
Net Content	400ml

Quality Testing

Our products undergo rigorous quality testing before shipment to ensure their excellence.

Packaging

We meticulously package our products to guarantee they arrive at their destination in pristine condition.

Transport

We prioritize swift transportation, minimizing your waiting time to receive your order promptly.

Delivery

Our delivery service is designed to bring the products you've ordered directly to your doorstep, tailored to your specific preferences.
